

# Mindfulness Exercise

Note your own  
frame of mind  
and emotions.

Note your own body  
and breathing.

Note the environment: how it  
feels, and makes you feel.

Notice an object that  
you would otherwise  
overlook.

What does the object  
make you wonder?  
How can you connect  
it to what you've been  
thinking about lately?
