

# MARCH is Creativity Month!

By Terry Shay,  
FableVision Learning  
Lead Ambassador  
with art by Peter H. Reynolds

1

Give an academic assignment that involves crayons, markers, watercolors.

2

Have kids animate a math problem or other traditional assignment. (Free trial of Animation-ish™ available online, see URL below.)

3

Take the class on an outdoor or indoor field trip – go read a book in the gym. Do science in the playground.

4

Play some of your favorite music during work time. Mix it up for interesting results - jazz and the blues, zydeco and classical!

5

Write a story using Stationery Studio®. (Free trial, see URL below.) Create a book of fun stories. Or a book filled with tips for a creative journey!

6

Make up your own moves for SmartMoves™... film with your Flip Video camcorder. Compose your own music!

7

Take photos... lots of photos. Document the learning & discovery in your class. Ask your kids to help. What does learning look like?

8

Words are cool! Collect them! Illustrate them. Start a scrapbook of your favorite words.

9

10

Add  
Your ideas  
here!
